ADDITIONAL MEMBERSHIP MODIFICATIONS

Additional membership modifications are available to customize your membership. These additional modifications refine your membership to provide you with the exact types of leads you require. Be sure to discuss these modification options with your Find Accounting Software sales contact to see how these options might work for you.

Options include:

- Increase or decrease mileage distance
- Include additional lead credits in the membership registration
- Exclude lead credits from membership registration
- Refine leads delivered by state, area code, or specific phrases in the interview notes

Notes

- Authorized membership is for a **twelve month period** to be paid as authorized in the payment information section
- Additional lead credits are available at \$10 each
- Individual leads require the use of between 1 to 4 lead credits depending on the lead maximum spending range
- Membership prices above are in US dollars
- Vertical Focus pricing provided to firms who elect to receive leads from no more than three industries or applications.
